 - Invoice in June

- We didn't assess our students in the Spring due to COVID-19. How can we access data to determine our students' needs in the fall?

Option 1 or Option 2, using ACT Aspire Fall Summative will provide the depth of data you expect from ACT Aspire.

Option 3, using ACT Aspire Periodic Interim Assessments will provide you with data to help teachers plan instruction.

- We are concerned that we won't have ACT Aspire Summative longitudinal data for students for the academic year 2019-2020. How can we remedy that?

Option 1, using ACT Aspire Fall Summative for the grade level the student was in Spring 2020 will provide the longitudinal information

- How can we access data to determine if our extended learning opportunities worked during the COVID-19 quarantine?
- Due to COVID-19, we believe that families will move around and we will have new students about which we won't know anything. How can we access data to determine the needs of these new students?
- We believe that the "summer slide" will be worse than usual due to the extended time out of school and the limited access our students had to online learning during the quarantine. How can we determine if our students are on track?

Option 1, using ACT Aspire Fall Summative will provide the depth of data you expect from ACT Aspire to make decisions about instruction that is needed to fill the gap in learning.

Option 2, using ACT Aspire Fall Summative will provide the summative data you need to determine where the student is performing based on the current grade level and what instruction is needed.

Option 3, using ACT Aspire Periodic Interim Assessment will provide you with data to help teachers plan instruction.
