

## The Most Comprehensive Assessment of Achievement in Spanish, Now Available Online!

**Logramos**<sup>®</sup> Third Edition is the next generation in group administered achievement tests in Spanish.

**Logramos** Third Edition now offers a choice of either online or paper administration, and parallels the scope and sequence of the *Iowa Assessments*<sup>™</sup> by measuring achievement of Spanish-speaking students from Grades K through 8 in:

- Reading
- Language
- Mathematics
- Social Studies\*
- Science\*

In addition, **Logramos** offers important distinctions in spelling, capitalization, punctuation, usage and expression, rules of accentuation, verb formation, and conjugation—all of which aid in accurately measuring the achievement of today's Spanish-speaking students.

## **Logramos, Third Edition, includes:**

- **Measurement of critical thinking skills** through test items that measure higher-order cognitive skills across all content areas, including Science and Social Studies
- **Identification of student strengths and weaknesses** for relative comparisons by content areas and skills across groups and individuals
- **Comparisons of student performance** to that of local and national groups, according to research-based evidence
- **Growth monitoring within and between years** through the use of a continuous vertical scale that measures change over time
- **Valid and reliable data** to support school system and state reporting requirements for accountability
- **The use of Spanish vocabulary** that is common among students from a variety of Spanish-speaking countries
- **Convenient and Powerful Scoring and Reporting**
  - Choice of either Online or paper/pencil administration with scanning and scoring of answer documents at Riverside Insights Scoring Service®
  - Full suite of paper-based reports, including:
    - List of student scores
    - Student profile narrative in Spanish and English
    - Individual performance profile
    - Group performance profile
  - Web-based reporting available through Riverside Insights *DataManager*
  - Collection of ancillaries parallel to those of the *Iowa Assessments*, including a Planning and Implementation Guide
