Student Assessment Training Program

Design a customized training that is flexible in both time and format to accommodate your school’s needs.

• Custom training benefits include:
  • Basic score interpretation and how to effectively use the data
  • Walkthrough key reports to drill down on the data
  • Analyze results to create an action plan to improve student achievement
  • Assist schools with meeting accreditation requirements for administrator and teacher data analysis
  • 24/7 Community access to critical program information and program support throughout the test window
