

Healthy and Safe Workspace Employee expectations as they return to work

Join Staples Facility Solutions for our "Healthy and Safe Workspace" informative online webinar.

We will cover the basics of what to consider as your employees return to their workspaces and the concerns they may have about what's being done to ensure their safety.

We'll include tangible tools and resources that will assist you in this challenging endeavor.

Healthy and Safe Workspace Webinar

DATE: Wednesday, May 13th

TIME: 11AM EDT / 8 AM PDT

Presented by Neal Duffy, I.C.E. GB, C.P.T.

Sr. Mgr. Facilities Solutions Technical Training - Staples, Inc.

Neal Duffy is a 40+ year veteran of the Janitorial / Sanitary Maintenance (Jan San) industry with extensive industry experience on both the manufacturing and distribution sides of the business.

Neal has practiced as a registered Environmental Health Specialist, Registered Sanitarian and is an ISSA Certified Expert in Cleaning Industry Management Standards - Green Buildings (CIMS – GB), a GBAC Forensic Restoration Technician and an ISSA Accredited Certification Trainer (ACT).

At Staples Facility Solutions, Neal's team of Technical Trainers provides the Janitorial and Sanitary Maintenance subject matter expertise for the Staples Facilities Solutions team. With combined industry experience of over 100 years, the Technical Training Team develops classroom curriculum in conjunction with "hands on" training for the entire team of sales representatives that support our Staples Facility Solutions customers.
